

NOMADI FOODS DISTRIBUTORS

Welcome to Younique Foods Ltd

We are on a mission to revolutionize the global health food market. With a steadfast commitment to innovation, product development, and high-quality standards, we aim to establish ourselves as a leading player in high-volume food categories.

Founded in 2015 under the umbrella of Nebula Capital Partners, Younique Foods has grown from humble beginnings to a trailblazer in the health food industry.

Our Journey at a Glance

2015

We acquired state-of-the-art equipment and spent 2015-2016 experimenting with new ideas, concepts, and flavors. By mid-2016, our first production run was complete, and in February 2017, we debuted six innovative raw energy snack bars with fillings at Biofach Germany.

2017

We introduced the world's first raw, healthy energy cookie, which has since sold millions globally.

2018

Our game-changing Organic Vegan Protein Bars hit the market, redefining healthy snacking.

2019

We created the world's first oat bars with fillings and chocolate enrobing**, a product that became an instant success.

2020

We acquired a vegan yogurt and cheese operation, currently undergoing a major transformation. By the end of 2023, we will launch five exciting new products. Additionally, we're establishing a dedicated facility for baked goods, which will feature proprietary vegan, gluten-free, organic crackers, cookies, and biscuits.

2023

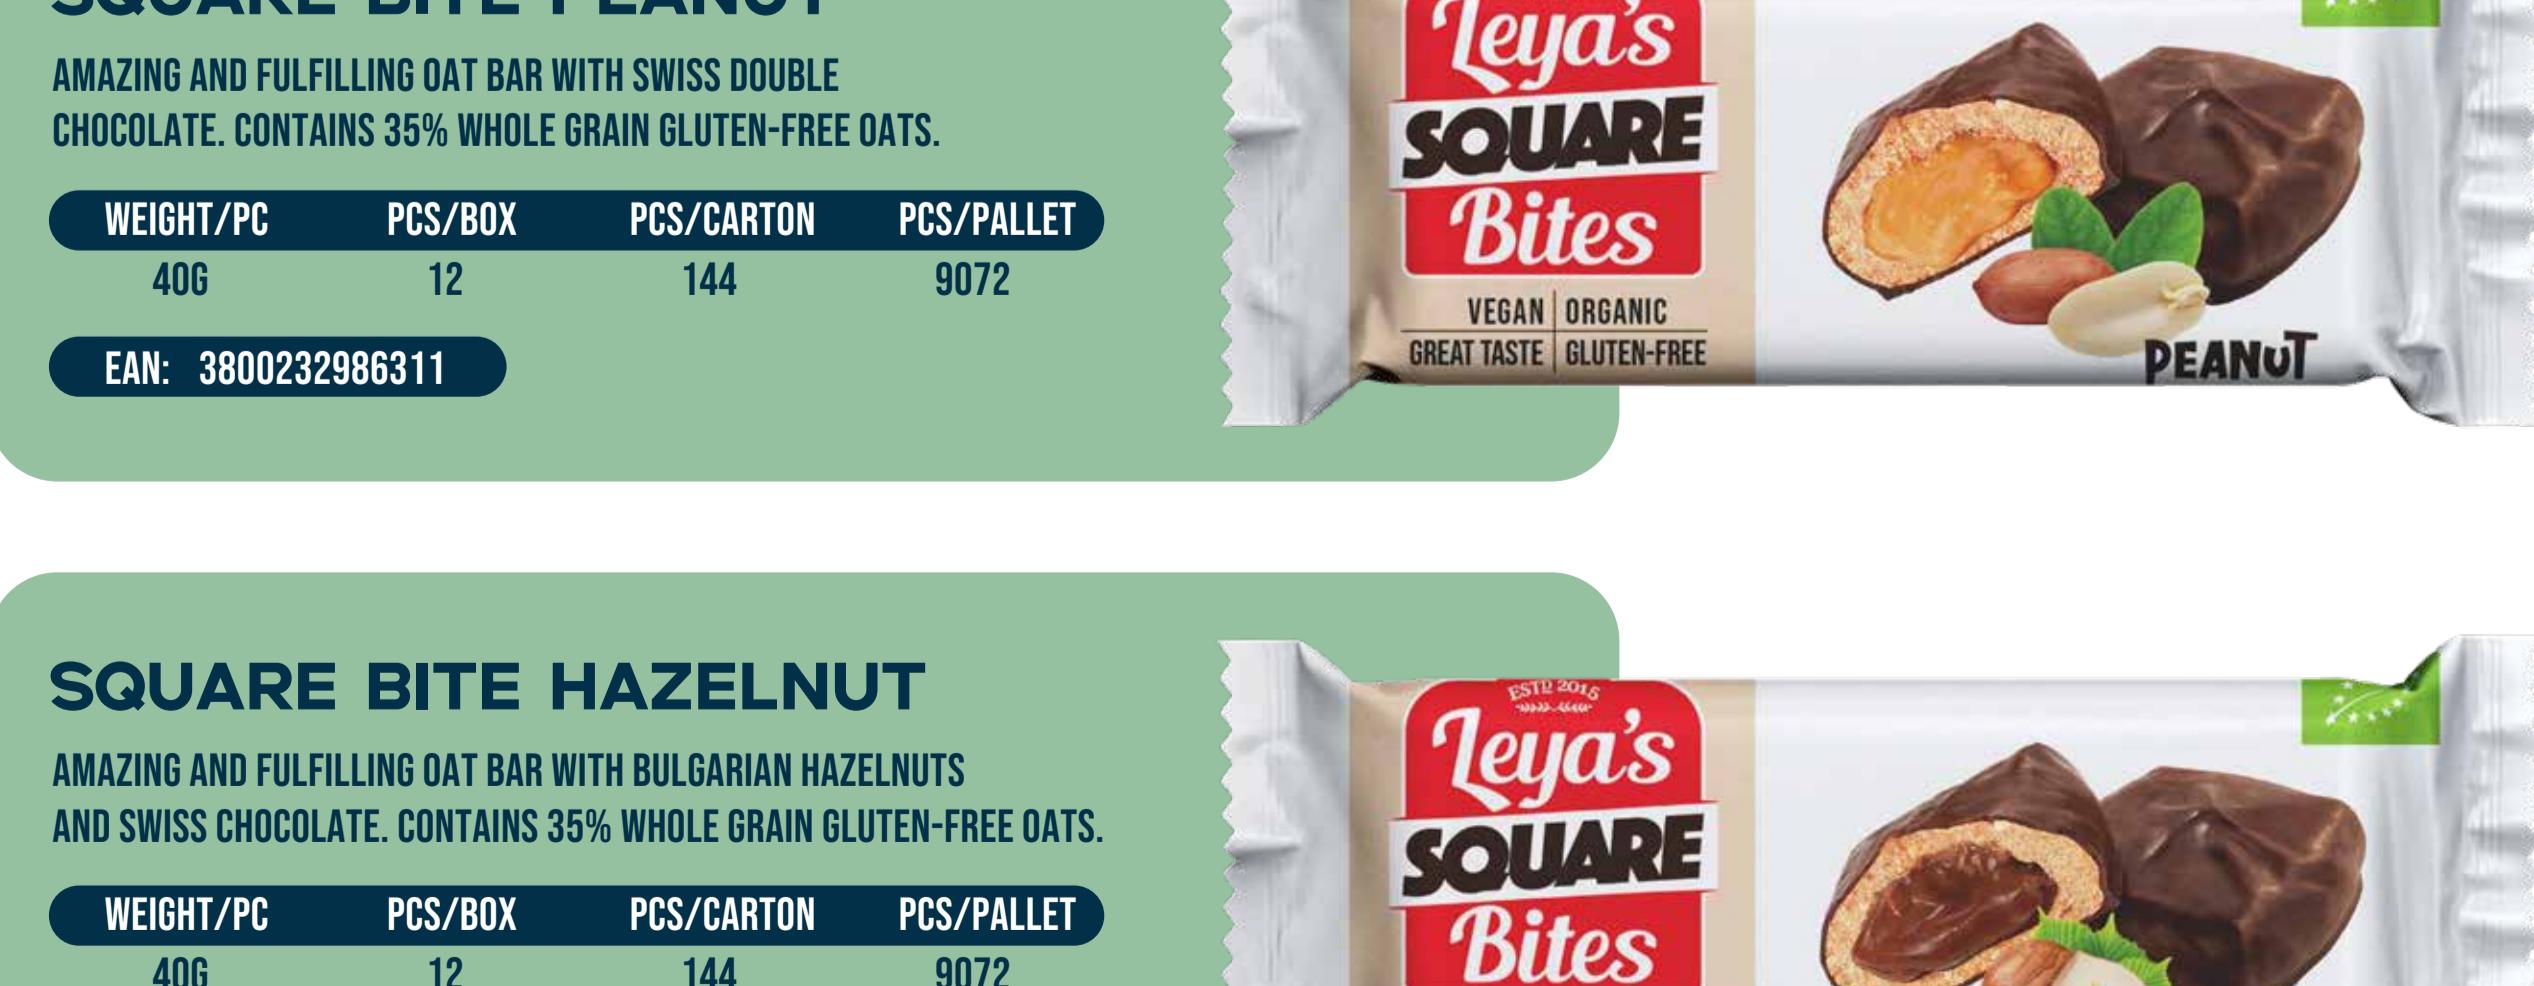

Our production capacity has skyrocketed from 4,000 pieces per shift in 2017 to an impressive 168,000 pieces per shift today. Demand is high, with production slots often booked weeks in advance, driving continuous investment in expansion.

Where Are We Today?

Younique Foods is now one of Europe's leading creators and manufacturers of raw bars, energy cookies, oat flaps, and protein snacks. Certified vegan, kosher, organic, and IFS (94.78%), most of our products are gluten-free, meeting the highest global standards.

We source premium raw materials from trusted suppliers in Germany, the Netherlands, the UK, USA, Bulgaria, Poland, and more. Our extensive product portfolio includes **300+ articles**, spanning own-brand and private-label projects.

Our products are widely available across the EU, UK, USA, Canada, Japan, South Korea, and beyond. Favorites like our healthy cookies with fillings, oat bars with chocolate enrobing, and protein bars continue to delight consumers with their luscious taste and unique appeal.
